**ILLINOIS DEPARTMENT OF TRANSPORTATION
POSITION DESCRIPTION**

DATE:	10/24/17	POSITION:	Transit Operating Project Manager-Southern
APPROVED BY:	John Marrella	OFFICE/DIVISION:	Intermodal Project Implementation
CODE:	PW413-23-80-601-00-01	REPORTS TO:	Section Chief Transit Operating - Southern

Position Purpose

This position is responsible for the review and analysis of public transportation operating assistance applications, budgets, contracts, and payment requisitions in the southern portion of the state of Illinois. This position provides assistance to both urban and rural communities with various populations with grant related issues, technical assistance, and meeting the federal and state program compliance requirements. In addition, this position is responsible for assisting the Transit Operating –Southern Section in managing the day-to-day oversight, reporting, analysis, compliance activities and investigations associated with the state and federal operating grant assistance programs.

Dimensions

Operating Grants Administered (annual):	10-20
Grantee Site Inspections (annually):	10-20
Total Grant Funds Administered (annual):	\$50-100 Million

Nature and Scope

This position reports to the Section Chief of Transit Operating - Southern, as do the Transit Operating Program Manager, and two other Transit Operating Project Managers. There are no subordinates reporting to this position.

This position is accountable for the day-to-day project management and compliance oversight of operating assistance grants to both rural and urbanized grantees that provide public transportation in the southern areas of the state. The incumbent may also provide technical assistance to the grantees regarding federal and state program compliance guidelines and requirements. The grants managed by the incumbent are numerous and typically involve eligible operating expense issues associated with the Department's operating assistance grant programs in rural and urbanized areas.

The greatest challenges to this position are to manage a large number of grants to various public transportation providers, and to ensure grantees compliance of utilization of grant funds for eligible cost activities, and operating within state and federal program guidelines. Typical grant management problems confronting the incumbent include: monitoring compliance with federal/state requirements, ensuring grantee adherence to budget and scope limitations, reconciling issues related to eligible cost and requisition issues, and obtaining and analyzing necessary operating data for federal and state reporting requirements.

The incumbent is personally accountable for the Office's principal review of annual applications for operating assistance grants. This review will address issues of compliance with federal/state requirements as well as make an assessment whether the proposed project is necessary, beneficial and cost effective. After review and approval, the incumbent ensures that federal/state regulations are followed by the grantee, grantee actions are consistent with the grant application and grant contract documents, all grantee reporting requirements are met, and all requisitions are complete, accurate and justified. The incumbent maintains accurate grant and accounting

records of all grant actions and funds disbursed through the grant. The incumbent is required to perform site reviews and prepare written compliance reports. The incumbent may be called upon to perform special high priority assignments related to the office activities or other tasks as assigned.

The incumbent evaluates matters of a sensitive and complex nature and offers recommendations to the immediate supervisor for resolution and is responsible to implement the agreed upon course of action. The incumbent is constrained by departmental regulations and federal/state policies and procedures relating to public transportation programs.

As a project manager, this position has contact with Office of Intermodal Project Implementation (OIPI) staff, representatives of the Offices of Planning and Programming, Finance and Administration, Chief Counsel and Communications. Externally the incumbent has contacts with consultant firms, local public and private transportation agencies, local/state officials, not-for-profit agency representatives, Human Services Transportation Coordinators, Rural Transit Assistance Center, the Federal Transit Administration, the public and vendors. These tasks often require the incumbent to travel, sometimes overnight, and make presentations to transit officials and providers.

The effectiveness of the position can be measured by the ability of the incumbent to provide proper and timely management of operating assistance grant activities by understanding these programs, communicating relevant information to grantees, promptly and accurately processing grant and payment documents, and working cohesively with all Department and grantee staff.

Principal Accountabilities

1. Assists and directs grantees in the development of grant applications, contracts, payment requisitions, as well as audit schedules and data reporting requirements.
2. Evaluates operating grant application documents to assess merit and identify deficiencies.
3. Evaluates completed grant applications; makes recommendations to the immediate supervisor for grant approval or other actions.
4. Prepares correspondence and documents necessary for the management of applications and grants assigned to the incumbent.
5. Monitors all project activities and provides guidance on compliance with all grant requirements.
6. Evaluates request for payments for accuracy and to ensure conformity with the approved grant requirements.
7. Maintains thorough and accurate records, data entry, data management and records retention in accordance with departmental policy and procedures.
8. Participates and contributes to the annual review and updates of the internal transit procedure manuals.
9. Maintains current knowledge of federal and state program compliance requirements.
10. Performs other duties as assigned related to the Department's transit activities.
11. Performs duties in compliance with departmental safety rules. Performs all duties in a manner conducive to the fair and equitable treatment of all employees.
